

ICTS Seminar

- Title : Leading soft theorem for multiple gravitinos
- Speaker : Diksha Jain, International School for Advanced Studies (SISSA), Italy
- Date : Thursday, 27 December 2018
- Time : 4:30 PM
- Venue : Emmy Noether Seminar Room, ICTS Campus, Bangalore
- Abstract : I will discuss about the leading soft theorem for multiple gravitinos (and graviton) in an arbitrary theory of supergravity. We have extended Sen's approach for computing soft factor to a fermionic symmetry. I will also comment on the effect of IR divergences on our results.
