DISCUSSION MEETING

THE FUTURE OF GRAVITATIONAL WAVE ASTRONOMY

2019 AUGUST 19 – 22
ICTS-TIFR, BANGALORE

This discussion meeting, organized in celebration of the work of Indian gravitational-wave (GW) physicist Bala Iyer, will bring together researchers from various aspects of GW science and related areas. As GW observations are emerging as a powerful probe of the fundamental physics and astrophysics, this meeting will try to identify the future challenges and opportunities. The meeting will entirely consist of panel discussions with plenty of room for discussions and interactions. Participation by invitation only.
