“1.17.1 After the opening of the technical bid, the same will be evaluated by a committee. In case the committee decides to seek further information/clarification, the same shall be provided by the bidder.”

Read as:

“1.17.1 After the opening of the technical bid, the same will be evaluated by a committee. In case the committee decides to seek further information/clarification, the same shall be provided by the bidder within the stipulated time, otherwise the bid will be liable for rejection.”

3. **For**

Point 3 of Bill of Quantities, Page 17 of Tender Document

“The user’s utilization can vary anywhere between 120 cores to 2400 cores or higher during the usage period on an on demand basis. The user reserves the right to scale the requirement for compute, storage, etc based on the prices quoted for different components.”

Read as:

““The user’s minimum utilization can vary anywhere between 120 cores to 2400 cores during the usage period on an on demand basis. The user reserves the right to scale the requirement for compute, storage, etc based on the prices quoted for different components. If higher cores are needed, the user may request the supplier for more cores, based on the availability at the supplier’s end.”
